LOCAL AND PERSONAL

SENNE NUMBER ONE TO COME IN MONDAY; OTHER OIL WELL NOTES.

The latest news from the A. D. Castin well No. 1, on the Fritz Senne farm, Frank Brown, driller, eight miles south of Hondo on the Yancey road, is that casing was being set Thursday night at a depth of 811 feet. A core taken at that depth showed satisfactory oil indications. There is also considerable gas pressure, and the drillers are so confident they have reached oil that they are cementing and plan to bring the well into production next Monday.

This test is an offset to the Hoffman, drilled and lost some years ago. The Hoffman showed considerable oil around 855-67 feet, it is said, and was ruined by dropping the cable tools in it. The Senne well topped the oil bearing formation a little shallower than the Hoffman.

Sunday's Express reported: Ewing Oil Company-Owen & Dean's No. 1 Haby, about 1,800 feet northeast of Ewing Oil Company No. 1 Riff, discovery well of the new Dunlay field in Medina County, has the serpentine and is drilling in that formation below 600 feet after setting casing, showing good saturation and expected to be completed over the week-end. The No. 1 Riff, bottomed at 716 feet, is pumping around 150 barrels daily at present, but many operators think that the well is capable of making at least 500 barrels daily. Ewing skidded over 330 feet and has started the No. 2 Riff, while a number of other locations staked in the field within 1,500 or 2,000 feet of the discovery well have been delayed getting started due to the drenching rains which have hindered the moving in of machinery. However, several of them will probably get started over the week-end with Medina County fast becoming the most active spot in the fault zone. Serpentine production west of San Antonio is important, for many geologists have been of the opinion that this formation would not pay off in that area.

ST. PAUL'S LUTHERAN CHURCH.

There will be no services nor Sunday school the coming Sunday, as the pastor is planning to attend the Texas District Convention in Seguin, April 27 to May 1. Seguin being within easy reach, the members and friends of St. Paul's are invited to join in the Sunday service to be held in the Convention Church May 1 at 10:30 o'clock. President Em. Poppen of Columbus, Ohio, will be the speaker.

In the afternoon at 2:30 the young folks of the San Antonio Federation will assemble for a Luther League meeting. Executive Secretary Hy. Koch of Columbus, Ohio, is scheduled to speak. We hope to see a good representation from Hondo.

On May 4th the St. Paul's Ladies' Aid Society will assemble in the home of Mrs. George Karm and not at Mrs. Schroeder's as previously announced.

APPREHENDED ON NARCOTIC VIOLATION CHARGE.

M. E. Trejo and Dave Robbins, special narcotic agents, were in Devine Saturday where they arrested two Mexicans, Pablo Fernandes and Cecilio Reyes, of Natalia, for allegedly violating the narcotic laws. The two men were apprehended by the narcotic agents through the use of a decoy, marked money and other agencies, and were charged with possessing and selling marijuana cigarettes.

The two men were lodged in the county jail here until Tuesday, when Sheriff C. J. Schuehle and County Attorney H. E. Haass took them to Devine where an examining trial was held in J. P. court. The suspects were placed under \$2500 and \$2000 bonds, which they failed to make, and were returned to jail here, pending a grand jury investigation in June.

GREEN HANDS RAISED TO FUTURE FARMERS.

Russel Peters and Walter Bendele were raised from the degree of Green Hand to the degree of Future Farmer. The projects that the boys are carrying this year are:

Russel Peters—breeding ewes, lambs and goats.
Walter Bendele—garden, chickens and hogs.

At the meeting new officers were elected and will be announced at the banquet which will be held in the near future.

SCHOOL CENSUS.

The school census of Hondo Independent school district, recently completed by J. G. Newton, presents some striking figures.

There were a total of 895 scholars enrolled. This is a gain of 42 over the 853 enrolled in 1937.

The 1938 enrollment is classified as follows:

White children.....	285
Negro children.....	43
Mexican children.....	577
Total.....	895

Hill Country Bankers' Association Entertained at Banquet

OFFICIALS OF HONDO NATIONAL BANK HOSTS
TO LARGE DELEGATION

The officials of the Hondo National Bank were hosts to about a hundred members of the Hill Country Bankers' Association and invited guests at a banquet at the Hondo Hotel Saturday night, April 23, 1938. The occasion was the quarterly convention of the Association.

Besides the guests, there were present from the various member banks representatives as follows: National Bank of Commerce, San Antonio, 4 delegates; Mason National Bank, Mason, 2; Bexar County National Bank, San Antonio, 3; First State Bank, Kerrville, 6; Bexar State Bank, Menard, 2; San Antonio Branch Federal Reserve Bank, San Antonio, 2; First State Bank, Bandera, 2; Fredericksburg National Bank, Fredericksburg, 3; Fort Worth National Bank, Fort Worth, 2; First National Bank, Fort Worth, 2; Alamo National Bank, San Antonio, 2; Frost National Bank, San Antonio, 2; Commercial Bank, Mason, 2; Charlotte State Bank, Charlotte, 2; Junction National Bank, Junction, 3. Bonding companies represented were Mahan Dittmar Co. and Russ Roe & Co., both of San Antonio.

Mr. J. L. Cunningham of Junction, President of the Association, called the assemblage to order and presided over its proceedings. Rev. W. S. Highsmith, pastor of the local Methodist church, delivered the invocation.

During the serving of the banquet, the assemblage was entertained by local talent under the direction of Mrs. C. D. Sadler, the following program being rendered:

Soprano solo, "Homing", by Betty Jean Merriman.

Dance by Susie Muennink.

Reading, "Take a Tater And Wait", by Jimmy Amberson.

Song, "Eskimo", by Jimmy Barry.

Violin solo, "Obertass" by Wienwaski, by Margaret Ann Knopp.

Song, "The Way You Look Tonight", by the High School sextette composed of Zonie Taylor, Betty Jean Merriman, Kathleen Reilly, Frances Ruth Fly, Susie Muennink and Ada Bell Carter.

Hon. R. J. Noonan welcomed the delegates and visitors to the "largest unincorporated town in Texas". Welcoming the bankers as men who stand for conservatism, economy and efficiency, he was happy to tell them that the people of Hondo, by co-operating with the county officials, have been enabled to build a town with most city conveniences without acquiring the burdens incident to maintenance of city government. He advocated economy and efficiency in all branches of government, a thought which was echoed through

the discourse of each speaker who followed.

Judge Noonan's welcome was responded to in a happy vein by Mr. Walter Sparks of San Antonio. In the course of his remarks, he extended an invitation, in behalf of the State Bankers' Association, to the members of the Hill Country Association to attend the former's convention in Fort Worth in June.

Mr. Cunningham introduced, as his honored and respected personal friend and a man who had made the city of Beaumont a most capable and efficient Mayor, the Hon. Pete D. Renfro. Mayor Renfro is a candidate for Governor of Texas, but eschewing politics for the time being, he delivered a masterly address on the subject, "Dividends of Good Will".

In it he pointed out a course of conduct in life which if all could but approximate would take many rough spots out of life's rugged road and make many crooked ways straight.

"Boring Holes in Other Men's Tubs" was the unique subject taken for his address by Dr. W. W. Jackson, President of the University of San Antonio. Dr. Jackson interspersed his remarks with numerous humorous and apt anecdotes while delivering some sound and wholesome advice. In his opinion much of the present social and political turmoil is due to our failure as individuals to measure up to our "right to responsibility" as citizens. He admonished the bankers as conservative leaders in community welfare as well as financial matters to impress upon our citizenship the necessity of every man measuring up to his full individual responsibility—to cease "boring into other men's tubs" and dig their own well for water. Self-reliance, thrift and dependability are the old-fashioned virtues that need rejuvenation to bring back a worthy citizenship in the speaker's opinion.

The business session occupied only a short time, the main feature being selection of the next place of meeting. By invitation it was voted to go to Kerrville in June, at which time the annual election of officers will be held.

This was the first time Hondo has entertained the Hill Country Bankers' Association. The Hondo Hotel's dining room was taxed to its capacity for seating but the banquet was served in a most efficient manner notwithstanding the crowded condition. Manager J. H. Purgin and his associates in the bank, who were hosts to the gathering, were recipients of many well-deserved expressions of appreciation for the efficient manner in which the affair was conducted.

hoefor for Vandenberg district, and Armin Bendele for Enterprise district.

The Board of Education will hold two meetings in the near future. On May 13th, all Medina County schools will be classified. Any change in classification should be reported to the County Board for consideration on May 13th.

Sometime in June the Board will meet to approve all bus routes for the 1938-39 term. All districts operating school buses are requested to take notice of the meeting and be prepared to present a map of routes and necessary details for the Board's consideration. Bus routes are being approved early in the season to avoid conflicts in scholastic transfers.

COUNTY BOARD OF EDUCATION APPOINTS TRUSTEES.

The Medina County Board of Education met Friday, April 22, in Hondo, for the purpose of electing officers and appointing trustees, as well as to discuss school matters. P. S. Keller was elected chairman and W. O. Rothe, vice-chairman. The following trustees were appointed: C. J. Ahr and Bert Bendele for Rio Medina District; Albert Saathoff for Fly district; H. A. Schweers for Longview district; Oscar Conover for Pearson district; F. A. Martin for Leinweber district; Alfred Stein for Burrell district; Melvin Burger for Peach Tree district; Oscar Moehring for Live Oak district; Arnold Niet-

CLUB WOMEN OBSERVE GUEST DAY AT WERNETTE'S GARDEN.

The Dunlay and Rio-Cliff Home Demonstration women observed guest day in Wernette's Garden at Castroville, Thursday, April 21st. Fifteen members were present to enjoy the day, the two clubs having drawn one another at a council meeting at Hondo.

At 11 o'clock the members arrived with baskets filled with fried chicken, sausage, meat loaf, salads, cake, cookies and iced tea. Miss Nell Foley also enjoyed dinner with the members. After dinner the following games and contests were held:

Rio-Cliff entertained Dunlay with a card game. Prizes were won as follows: 1st, Mrs. John Hutzler; 2nd, Mrs. Harry Meyer; consolation, Mrs. J. D. Schweers.

Dunlay entertained Rio-Cliff with contests. In the Forbidden Word contest, Yes and No, Mrs. H. Wurzbach won first and Mrs. Allan Haby second. In the Pantry contest, Mrs. Mina Meyer got first and Mrs. J. Geant second. Mrs. Ad. Haby won first and Mrs. J. Geant second in the Jumble contest. In the contest of pinning the tail on the Easter bunny, Mrs. Alla Haby received first and Mrs. Harry Meyer second. The Corn Guessing contest was won by Mrs. J. Geant. The best ball pitcher was Mrs. Ad. Haby, first, and Mrs. J. Zerr, second. In the Surprise contest Mrs. J. Geant was winner. Consolation went to Mrs. Frank Tschirhart.

After the games and contests everyone had enjoyed, the ladies went to help Miss Foley and her assistants with decorating the float for the Fiesta parade.

QUIHI-NEW FOUNTAIN HOME DEMONSTRATION CLUB.

Dresses should be finished with the seam which suits the material, Miss Nell Foley, Medina County home demonstration agent explained to the women of the Quihi-New Fountain Home Demonstration Club at their meeting with Mrs. Bruno Schweers in Hondo, Friday, April 15, 1938.

Miss Foley told the group that stress is placed not upon the way a dress is finished inside, as was in former years, but upon how the dress appears on the outside. She then demonstrated seam finishes, giving each member an opportunity to examine the seam used on the material for which the seam was suitable. It was pointed out that the double seam is preferable for prints, the flat seam for sport goods and under clothing, the French seam for lighter weight goods, and pinning for woollens. The hem of a dress should not be more than three inches or less than two inches wide to give the correct appearance and allow the dress to hang evenly. Two inches is usually considered the best width.

After a discussion of the seam demonstration Mrs. Bruno Schweers conducted several interesting contests. Mrs. Robert Riff won the prize for making the most three-letter words out of the letters used in the word "Demonstration". Miss Nell Foley won the prize for the Noah's Ark contest. After the contests were finished delicious refreshments were served.

The next meeting will be held at the home of Mrs. Henry Schuehle, May 12, where Miss Foley will give a demonstration on canning "other vegetables".

HONDO GIRL WEDS IN UVALDE.

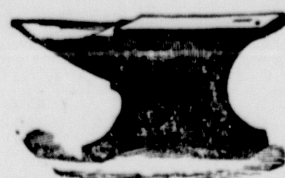

Miss Fanny Embrey of Hondo and Mr. Vernon Robertson of La Pryor were married in Uvalde last Thursday evening, April 21, 1938, at 8:30 o'clock in the home of Mr. and Mrs. B. B. Johnson, brother-in-law and sister of the bridegroom. The ceremony was performed by Rev. Ira Garrison, pastor of the Baptist church. Mr. and Mrs. Robertson left the following day for a week's visit in Houston and Galveston. They will make their home in La Pryor where Mr. Robertson is in business.

The bride is the daughter of Mr. and Mrs. Henry Embrey of Hondo and has a large number of friends who were pleasantly surprised by the marriage announcement. The bridegroom is the youngest son of Mrs. H. H. Robertson of La Pryor. This paper joins the friends of the young couple in extending congratulations and best wishes.

Those who attended the wedding from Hondo were Mrs. Henry Embrey, Misses Mary Belle and Jo Embrey and Jo Lebold, and Mr. and Mrs. Clyde Abbott. Also attending were Mr. and Mrs. Herman Carlisle of Uvalde, Mrs. H. H. Robertson and Beuford Robertson of La Pryor, mother and brother, respectively, of the bridegroom.

NOTICE.

Due to unforeseen circumstances, Dr. T. F. Hogan, San Antonio optometrist, was unable to fulfill his office hours Sunday as announced in last week's paper. He authorizes us to announce that he will be at Case Beauty Parlor from 8:30 A. M. to 12:30 P. M. this Sunday, May 1st. Those wishing to consult him are requested to note the change.

THE EDITORS GO PLAYING.

Our Editor wheedled the M. E. away from his accustomed playthings—paste pot and scissors—and took him to the convention of South Texas Editors in San Antonio Friday and Saturday of last week. The editor had a good time, meeting the other editors and listening to them discuss their mutual problems. Editor's problems are like the weather in one respect—they are much talked about but little is ever done about them! But talking brings company of kindred feelings—and misery loves company! That is why one always feels "relieved" by attending a convention of fellow sufferers. When we were as young in the game as our editor, we expected to have all our editorial problems solved by now. We doubt if she has any such illusions, since listening to the M. E.'s old grayhaired compeers.

Seven years absence from the sessions of the South Texas Press Association made grayer hair, flabbier cheeks and deeper wrinkles more conspicuous on the "old familiar faces", and set the M. E. to thinking how fast time flies yet how deep he leaves his footprints marked on all he touches.

Looking around him, and seeing older men—a few—than himself, the M. E. still looked in vain for the face of one of his compeers who were present at his first convention in San Antonio thirty-eight years ago. He was the last Mohican of the tribe of that time. Frank Bushick and Hal Sevier still survive—the only others to the M. E.'s knowledge—but they long since deserted the brotherhood of the paste pot and the shears.

But the M. E. reminisces—and to reminisce is to betray one's advancing age. We won't reminisce.

The problems of today for the small town weekly newspaper are much the same—or more so—as always since the smell of printer's ink first lured men to risk earning a livelihood by thus serving the public. And it mostly simmers down to just how much appreciation of that service and how much loyalty to community enterprise the community accords its newspaper.

Oh, yes! We had a good time. We always do! And as always, the M. E. is determined never to miss another—unless he's too busy!

BE YOUR OWN FIRE PREVENTER.

Every factory is periodically inspected for fire hazards, by men fully conversant with what to look for and what to do when dangers are discovered. You can easily do the same thing for your own home—and no rigorous course of training is necessary to fit you for it.

The great bulk of home fires originate from the simplest and most obvious hazards. Here are a few of them: Accumulations of old papers, clothing and other junk; improper storage of gasoline and other inflammable liquids; defects in heating plants and electrical appliances; uncleaned or faulty flues and furnaces; amateur repairs of electric cords and fuse boxes.

It takes no expert to quickly and effectively eliminate such hazards as these. Clean out the attic and give the junk to the junkman, storing what is left neatly in trunks and boxes. Keep paint, varnish and inflammable liquids in covered metal or glass containers—and store them well away from heat and fire. And if heating or other household appliances give trouble, local experts will be (Continued on last Page)

The following letter was received by Superintendent J. G. Barry from the Agricultural division of the Texas College of Arts and Industries:

H. H. S. AG. DEPARTMENT COMMENDED FOR ITS WORK

From The Owl.

Mr. J. Gordon Barry
Superintendent of Schools
Hondo, Texas.

Dear Mr. Barry:

I shall take pleasure in recommending your department of vocational agriculture for an additional unit of credit. This will make you a total of four units for this department.

I found the work of the department excellent. You have a nice library of books and bulletins; a nice selection of magazines and charts.

Mr. Sadler had a splendid exhibit of his work that I had asked that he have ready to check. I think you need not have any worries about the efficiency of this department as long as Mr. Sadler and men of his type have charge of it.

Very truly yours,
CHAS. D. PARKER
District Supervisor
Agricultural Education

C. D. SADLER,
Vocational Agriculture Instructor.

THE LATEST AIRCRAFT ENGINES DEVELOP MORE HORSEPOWER IN EACH CYLINDER THAN THE TOTAL HORSEPOWER OF AN AVERAGE AUTOMOBILE ENGINE!

BEFORE MODERN GAS RANGES ARE APPROVED THEY MUST PASS 529 TESTS!

A new nine-cylinder radial type airplane motor develops approximately 1100 horse power, or about 120 horse power per cylinder. Compared with an automobile motor of 100 total horse power, each cylinder in the airplane motor develops more power than the entire automobile engine.

The centrifugal force that kept the water in the bucket when, as children, we swung it over our heads, holds the airplane pilot in the seat when he executes a perfect loop. However, pilots still use safety belts!

A mechanical finger that tests oven insulation is but one of 529 tests given modern gas ranges in scientific laboratories established in Los Angeles and Cleveland. Thousands of different makes of gas appliances are tested annually, and only those conforming to rigid standards are approved.

Isn't this the real problem of Beer —and almost its only problem?

THERE ARE people, of course, who steadfastly and sincerely believe beer to be intoxicating, or its use sinful, harmful, or a first step toward use of "hard liquor."

Just as sincerely we hold that the weight of the evidence is overwhelmingly against them...that beer is a mild, wholesome food beverage...and that "there is nothing more promising to combat the evil of too much alcohol than the opportunity of drinking good beer."

No...it is not in beer itself, we believe, that its gravest problem lies, but in those conditions, undesirable to us all, which sometimes surround its sale.

How should that problem be handled... by brewers, by retailers, by consumers, and by the public authorities? On its handling, we believe, depends the ultimate success or failure of the art and science of brewing, with all its manifold contributions to human pleasure and happiness and to the farm and industrial welfare of this country.

In that belief, a short time ago the Brewers Foundation was organized... to align the brewing industry with forces working for the public good in this country.

Our underlying motive... to perpetuate and promote our industry... is of course obvious. But equally obvious, we hope, is the fact that our interests coincide with the public interest.

Important progress has been made. Brewer-members of the Foundation already represent nearly half the production of beer and ale in the United States; and these members are

pledged, individually and collectively, to the Brewers Code, one significant clause of which is as follows:

"We pledge our support to the duly constituted authorities for the elimination of anti-social conditions wherever they may surround the sale of beer to the consumer."

Being practical men, we promise no miracles. We cannot immediately or effectively "police" the quarter-million points where beer is sold (nor, to be fair, have we legal authority in many cases to do so). Nor can we, immediately, bring about full compliance with the law among all retailers, nor honest enforcement by all authorities.

But a beginning has been made...and we do promise that you will see results from it.

How far we can go, and how soon, depends very much on ourselves...but partly also on you.

Public opinion, once aroused, can operate to bring about honest enforcement of existing laws. Restriction of your patronage only to legal, respectable retail outlets can and will operate to raise retailing standards. Public preference for the products of Foundation members* will bear witness of your approval both to members and to cooperating retailers, and will encourage them to renewed efforts.

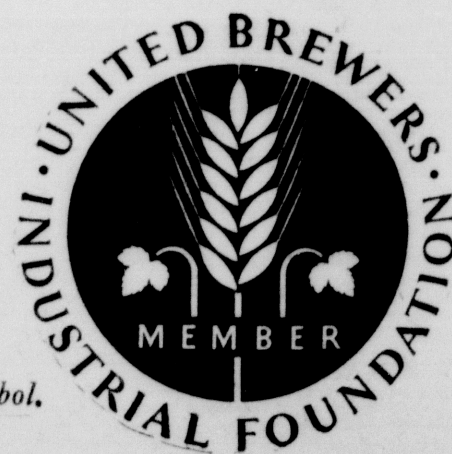

This is, therefore, at once a statement of our objectives and an appeal for your support, without which we must fall short of our high hopes. We urgently invite your full and sympathetic cooperation.

JACK BILHARTZ BURIED.

The funeral of Jack Bilhartz, mention of whose sudden death on Thursday morning, April 21, 1938, was made in our last week's paper, was held Saturday morning. His pastor, Rev. P. J. Potgens of the St. John's Catholic Church, conducted the services, and following a requiem mass at the church, interment was made in the Catholic section of Oakwood cemetery. The pallbearers were his nephews, Aaron Bilhartz, Freddie Wernette, Randolph Haass, Vincent Haass, August Bilhartz and Henry Bilhartz. A large concourse of sorrowing relatives and friends gathered to pay their last respects to the departed, and there were many beautiful floral offerings.

The deceased is survived by his grief-stricken companion and eight children, all grown. They are Mrs. Rollie Bless of Hondo; Oscar Bilhartz of Breckenridge; Mrs. Robert Poe, Freer; Mrs. O. D. Lynn, San Antonio; Mrs. Alice Ryan of Baltimore, Maryland; Mrs. Mathis Koch, D'Hanis; Theo. Bilhartz, San Antonio, and Ralph Bilhartz of Biry. One son, Wesley, preceded him in death several years ago. All the children were here for the funeral. Mrs. Ryan came as far as Houston by plane and was met there by her brother, Theo. Bilhartz, and Mr. George McCullough. The deceased also leaves one brother, Albert Bilhartz of Biry, and three sisters, Mrs. Emma Haass of Biry, Mr. Theresa Bendele of San Antonio, and Mrs. Annie Breuillot of California.

Mr. Bilhartz had been in ill health for a number of years. Still death came so suddenly as to be a shock to his family. They have the sympathy of all who know them.

THREE TIMES ROYALTY.

To Miss Mary Emma Finger of Hondo, popular Incarnate Word College senior, goes honors for being a member of more royal courts in a brief span of several weeks than anyone we know. She just returned Saturday from Texas A. & M. College where she was one of the duchesses of the spring festival sponsored by the college students.

Closing a week's celebration of the silver jubilee anniversary of the recognition of Incarnate Word College as a senior college, the annual spring festival will be staged in the school Administration building patio tonight at 8 P. M. The royal court, recently elected by the college students, will be crowned in impressive ceremonies. This court is headed by Miss Finger, who will reign as Queen Callopo over the Court of Muses.

Miss Finger this week was selected as princess to represent the Sophomore class of St. Mary's University, to form a part of the royal court at the Junior prom to be held by the university on May 19th.

Mary Emma is the daughter of Mr. and Mrs. J. M. Finger of Hondo.

CANDIDATES VISIT HONDO

Hondo was favored by a brief visit Tuesday morning by Hon. Bob Calvert of Hillsboro, candidate for Attorney General. He was being chaperoned by his friend, Hon. Joe Monkhouse, Representative from this district and candidate for re-election.

Mr. Calvert is a young man, having been born on February 22, 1905, but he has had considerable experience in public life for one so young. He was elected to the House of Representatives from the 60th District, composed of Hill and Navarro Counties in 1932, and re-elected in 1934 and 1936, without opposition. He was unanimously elected Speaker of the House in January, 1937.

We predict that he will be heard from as the campaign progresses.

HON. JOE MONKHOUSE
Candidate for Representative.

Beaumont and at present a candidate
for governor of Texas, was here Saturday
for the Bankers' convention
and took time to renew acquaintance
with his old East Texas friend, Ray

Renfro found the city of Beaumont
in debt and has brought her out of

is his ambition to try his business
methods on the state's affairs. If
Texas were five states—as he ought
to be—and we had five Pete Ren-

all over the state and the people
would elect him. But one man can't

Grell's Grocery was host to "Ker-Whet" and Bewley's Chuck Brown Gang last Thursday evening, when a large crowd of people gathered in College Square in front of Grell's store to hear the musical program. In addition to fine entertainment, the crowd was served hot soups, made from Bewley's flour.

The driver of the Richter bread truck, a familiar figure around Hondo, was painfully injured Thursday morning in an auto accident. He was taken to Hondo early in the day and near Hondo at the Smith street and turned over. The driver was brought to the office of Dr. W. Meyer where he received first aid treatment for scratches and bruises and a possible injury to the vertebral column. The Horder ambulance carried the injured man to a San Antonio hospital Thursday before noon.

AUSTIN MUTUAL SHOWS PROGRESS.

Policy For Every Age Written By Firm.

The story that the Austin Mutual Life Insurance Company continues progress may seem trite to those who have heard it many times, but it is a fact of exceedingly great interest to thousands of men and women and boys and girls scattered throughout the territory in which this company operates.

The policies, in which these thousands are interested, either as insureds or beneficiaries, may have been issued years ago, or they may have been issued only yesterday, but in either case, they have a great satisfaction in knowing that the Austin Mutual has an unbroken record of prompt and full payment of claims and that its financial position is today the strongest in its entire history, officials of the company point out.

"This enviable record is the result of constant endeavor on the part of company officials, the home office staff, and the agency force, whose first and primary objective has been at all times to serve the best interest of our host of policy holders and their beneficiaries. The officers of the Company are truly grateful for the confidence reposed in it and for the splendid service the company is rendering day after day and year after year," they pointed out.

"Its whole life fixed premium policy issued to adults from ages 15 to 60 years, inclusive, continues to grow in popularity because (1) it provides safe protection at lowest possible cost consistent with safety; quarterly, semi-annually or annually, (2) premiums may be paid monthly, according to the convenience of the assured; (3) it contains special accidental disability benefits at no extra cost; (4) it is issued by the largest Texas local mutual company so situated as to make possible a more personal service during the lifetime of the insured and usually more prompt payment of the claim at death, for a very large percentage of the claims against the Austin Mutual are paid before the funeral of the deceased policyholder.

"The Austin Mutual's policy for children, issued from ages 24 months to 16 years inclusive, continues to be an outstanding policy in the field of juvenile insurance, for it provides full \$500 of insurances protection from the date of issue, regardless of the age at issue, at an annual cost which has not exceeded an average of \$3.20 during the past 12 years. A \$250 policy is issued at just half the cost of the \$500. Parents of approximately 4,000 children have availed themselves of the splendid protection afforded by this remarkable policy which is automatically transferred to the company's adult fixed premium policy at age 18."

ARE YOUR LOVED ONES PROTECTED?

This Company, now in its 18th year of service, has an unbroken record of prompt and full payment of its claims totaling well over One and One-Quarter Million Dollars. With approximately \$20,000,000.00 of insurance in force, it is the largest Texas Local Mutual Aid Insurance Company. Its popular Fixed Premium policy furnishes whole life insurance protection at the lowest cost consistent with safety. This policy is issued from ages 15 to 60, inclusive, in amounts from \$500.00 to \$3,000.00 depending upon the age at issue. Premiums may be paid monthly, quarterly, semi-annually, or annually, as the insured may choose. Premium rates for age 35 per \$1,000.00 are \$1.35 per month or \$15.05 if paid annually. Rates for other ages are correspondingly low.

The Company also issues a most unusual policy for children from ages 24 months to 16 years, inclusive.

Write the Home Office for detailed information or see one of our local Agents. Only healthy white risks are eligible.

WASHINGTON SNAPSHOTS.

By James Preston.

The opinions here expressed are
Mr. Preston's own and not neces-
sarily those of this paper.—M. E.

There is a growing sentiment in
congressional quarters to break away
from unsound, hysterical panaceas
and adopt a tried and proven policy
toward the national problem of un-
employment and general economic
illness.

Much in contrast to the "follow-
the-leader" (rubber stamp) spirit
that prevailed when the first pro-
gram was launched to spend the na-
tion back to prosperity, the Congress
has greeted the new relief-lending-
spending spree plans with a ques-
tioning attitude.

The new trend of reasoning found
budding in these quarters can be
summed up in these three points:

1—That prosperity, after all, is
not a commodity that can be pur-
chased with any amount of billions
out of the public purse.

2—That prosperity is simply a
condition that can exist only when
the normal channels of employment
and public happiness are cleared of
such objectionable obstructions as
regimentation, regulation and bur-
densome taxation.

3—That the 1935-36 "prosperity"
was a false and temporary economic
condition that did not create public
happiness—neither for those tem-
porarily benefited nor those who are
being taxed to pay for it.

In brief, almost everybody is hop-
ing for a return to the clear-thinking
early days of 1933 B. S. (before
spending).—WS—

Samples of the new trend can be
gleaned from many a speech made
in the House and Senate debate these
days. Here are examples: Rep. Hat-
ton Sumners of Texas: "The legis-
lative branch of the government is
coming to a full realization of its
constitutional responsibility in this
government. It had to happen." . . .
Rep. John O'Connor, chairman of the
powerful Rules Committee: "Priming
the pump won't do any good if
there's no water in the well. We
should first see that there's water in
there by restoring confidence to our
people. Let's proclaim a national
holiday to be known as 'Stop Calling
Names Day'."

And one of the Capitol wags, dis-
cussing pump-priming, suggests:
"Maybe we'd better create a new of-
fice of government and call it the
office of the 'Prime Minister'."

Still on the question of spending,
the Treasury Department has just
announced that the current govern-
ment's expenses since March 4, 1933,
have totaled \$36,884,000,000. For
the benefit of those who relish statis-
tics this means that \$36 has been
spent for every minute since the
birth of Christ, nearly 2000 years
ago; that the government could have
paved a cross country highway 238
feet wide with the dollar bills spent,
and that if all the money had been
placed end to end in dollar bills it
would have reached 1,142 times from
coast to coast.

That is how much \$36,884,000,000
is.—WS—

The little business men are in the
Washington news again. Now, it
seems, the government wants to give
the "little men of industry" a "better
education"—at a cost of \$3,000,000
per year. The plan—not taken very
seriously yet—is to inaugurate
courses in business administration
for small business men. The courses
would be conducted by the Bureau
of Foreign and Domestic Commerce
in cooperation with several univer-
sities.

ALL IN A WEEK:—A midwest-
ern Senator received a letter from
one of his constituents which read in
part: "This country is going to hell
so we might as well have super-
highways on which to travel." . . .

Every Medina County home should
receive the Anvil Herald regularly.

"NOBODY'S BUSINESS."

By
Julian Capers, Jr.

The opinions here expressed are
the author's own and not neces-
sarily those of the Herald.—M. E.

AUSTIN, April 26.—Democratic
voters of Texas, with the openings of
both major candidates for Govern-
or behind them, this week were
studying platforms and opening ad-
dresses of Bill McCraw and Ernest
Thompson, while the boys who pull
the political wires were working 18
hours a day in both camps, angling
for the support that will put their
men in a runoff contest next July.

The McCraw opening at Arlington,
birthplace of the Attorney General,
was all that the McCraw managers
expected. Utilizing every ballyhoo
trick in the bag, the competent staff
of McCraw press agents assembled a
crowd that packed a city block on
Arlington's square, including 1800
who rode a free special train from
Dallas. McCraw outlined his platform
in a carefully prepared, serious ad-
dress which pleased his crowd, and
the thousands who listened on the
radio.

Platforms Parallel.

Meanwhile, the political experts
were analyzing the McCraw and
Thompson platforms, and finding
that the Attorney General tracked
the trail blazed by Thompson about
90 per cent of the way. The differ-
ences between them will constitute
the main issues of the campaign. Mc-
Craw advocated ratification by the
State of the Federal Child Labor
amendment. Thompson opposed it,
and urged a State law to regulate
child labor. McCraw declared for
higher taxes, if they are needed, from
"corporate interests", specifically
mentioning natural resources, pipe-
lines and public utilities. Thompson
would seek additional revenue, if
needed, from a luxury tax and nat-
ural resources, urging lower utility
rates through state regulation, in-
stead of increased state taxation to
hike rates to consumers. Both pledged
economy, no new taxes, opposition
to a sales tax. Thompson favored a
tax on luxuries, if needed, while Mc-
Craw called a luxury tax the same
as a sales tax.

McCraw made rather broad claims
for the credit for abolishing hot oil,
lowering gas rates, developing the oil
industry, defeating Federal Oil Con-
trol, and other achievements in which
both the Railroad Commission and
the Attorney General's office have
participated. There is likely to de-
velop some pretty lively differences of
opinion as to who brought about
these blessings, as the campaign pro-
gresses.

Draft Ferguson Movements.

Like the proverbial nine-lived cat,
the third term talk for Mrs. Ferguson
refuses to die, even in the face of
Jim's announced refusal to enter the
two-time woman governor again. In
San Antonio, this week saw a mass
meeting, headed by "liberals" who re-
sent interference by Rangers with
San Antonio's traditional "wide-open"
gambling and sale of liquor by the
drink, with the announced intention
of drafting Ma as a candidate. T. H.
McGregor, shrewdest political mind
in the Ferguson camp, delivered the
principal speech.

Tom Hunter, the Wichita Falls
veteran, jolted the McCraw enthu-
siasts considerably, when he dropped
his hat into the ring for a third ef-
fort at the governorship, as forecast
last week in this column. Hunter got
around 239,000 votes last time
against Jimmie Allred, and the best
guessers here think he will poll a
substantial vote again. He classified
Thompson and McCraw as being
political blood brothers, and figura-
tively beat the Hunter breast in
agony over the State's unhappy situ-
ation. He will miss Boyd Gatewood,
veteran publicist, who wrote the
clever gags that enlivened Hunter's
last campaign, Gatewood having died
of a sudden heart attack on the eve
of Hunter's announcement.

Montgomery Lauded.

To Julian Montgomery, State High-
way engineer, went the plaudits of
good roads enthusiasts gathered in
Austin for the Texas Good Roads
association's annual meet. During six
months service, Montgomery—who
stepped into an admittedly very hard
job as successor to the capable Gib
Gilchrist—has not only carried for-
ward the road building activity of
the state without pause, but has ad-
vanced the planning program ma-
terially, so that when Federal funds
for the 1939 program become avail-
able June 30, Texas will be far out
in advance of most States with a
carefully planned and engineered

program to begin putting highway
coin in circulation, relieving unem-
ployment and improving roads, im-
mediately.

The good roads folks made a high-
ly popular choice, too, when they
elected Lowry Martin, civic-minded

cana Sun, president. Another popular
publisher, Joe Leonard of the Gaines-
ville Register, was made a vice presi-

Gas Rate Suit Ends

Ending a bitter legal fight that has
paraded through courts in Dallas and
Travis counties, representatives of
the Railroad Commission and the
Lone Star Gas Co. reached an agree-
ment here under which the Commis-
sion's employees will be permitted to
examine the books and records of
the gas company in El Paso and other
cities, pending decision of the
appellate courts, of the Commission's
right to assume original jurisdiction
in gas rate matters involving incor-
porated towns and cities. The gas
company first sought an injunction
preventing the Commission from ex-
ercising such jurisdiction; then the
Commission sought to enjoin the
company from interference with it in
exercising such jurisdiction. The ul-
timate outcome of the matter may
affect the regulation of gas rates in
many Texas towns and cities.

REQUEST.

I would not die in summer
 While there are streams to run,
 A gentle tree to lie beneath
 To thwart a lazy sun.

I would not die in autumn
 While there are leaves to turn,
 A wedge of ducks to fly above,
 Sweet piney logs to burn.

I would not die in winter
 While there is snow to fall,
 An open hearth, an apple cake,
 A neighbor who will call.

So take me, Lord, in springtime
 Whose beauty makes me dare
 To guess, if there is heaven,
 It will be April there.

—HELEN COON, Dallas.

THE WATER HYACINTH.

I am the quintessence of beauty
 The most marvelous plant of the
 field;
 This is my destiny and duty
 To grow and my beauty to yield;
 The flowers surpassing the splendor
 Of Solomon in all of his sheen;
 Or his court—the awe of the wonder
 Of Sheba, most wonderful queen.

I grow from the silt of the river,
 Without the tillage of man;
 My life continues forever,
 My beauty appears in its reason
 And lasts but a day or a week;
 But beauty is never the reason
 I live; but when you constantly seek
 You find in my roots down below
 The surface of river or slough
 The secret of beauty and know
 That I am living for you.

—A. B. CARISLE,
 Weslaco, Texas.

BIRD'S NEST.

Up above my window,
 In an ivy vine,
 A bird built a nest,
 (I've known for sometime).
 The ivy kept growing,
 The little bird not far away
 Now there is a baby bird,
 I heard it chirp today.

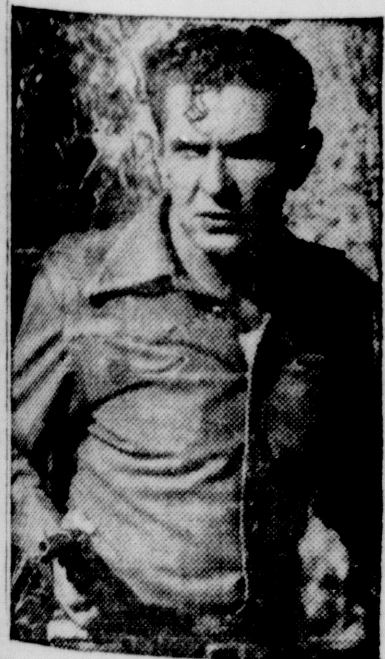

—LEORENE CLAIBORNE,
 Lubbock, Texas.

SPRING DAY.

Tall Cottonweeds
 With baby leaves
 Like pale green lace
 Sewed on the trees—
 Noisy blackbirds
 Like a shiny thread
 Running through all
 The joy over-head—
 Golden sunlight
 Warming the sod—
 I gaze entranced,
 For I see God!

—ALYEEN WRIGHT,
 Terrell, Texas.

 tlement and then leads him a merry
 chase.

ABOUT PEOPLE WE KNOW

The Pearsall Leader.

George Blackaller, Jr., a student
 of the University of Texas, Austin,
 spent the week-end with his parents,
 Mr. and Mrs. George Blackaller.

Attorney Walter Stout was a
 Leader caller Saturday afternoon
 and placed his professional card to
 be run in the Leader for one year.
 He was on his way to his father's
 ranch seven miles west of Dilley to
 spend the week-end. Mr. Stout was
 born and reared on his father's ranch
 and calls Frio county his native home
 and he himself has a bunch of high
 bred cattle on the ranch.

Mrs. Margaret O. Blackaller and
 daughter, Miss Clara Bell Blackaller,
 came down from San Antonio last
 week-end and visited friends.

**PULLIAM RESIGNS AS FINANCE
 DIRECTOR.**

At a meeting of board of Nueces
 Valley Authority in San Antonio on
 Wednesday of last week, F. W. Pul-
 liam tendered his resignation as fi-
 nance director of the organization.
 His statement about it to the local
 Chamber of Commerce this week was
 that the board of directors were not
 entirely satisfied with the way he
 was handling the collections; that he
 had solicited funds on a monthly
 payment plan while the board seemed
 to favor the amounts in lump sums.

He also stated that he had been
 telling the people that from prelimi-
 nary surveys being made there would
 be available sufficient data by April
 1st to present to Congress at this
 session, but this did not seem likely
 now. There is sufficient data on up-
 per Nueces which could be presented
 as one unit and he felt sure if this
 is presented, Congress will grant four
 or five million dollars with which to
 construct the proposed dams for this
 unit. This could be done and get
 actual construction started and not
 have to wait for preliminary surveys
 of the entire area. There has to be
 a beginning.

Mr. Pulliam said he had collected a
 little more than \$3100 and had sub-
 scriptions for better than \$11,000, a
 total of approximately \$15,000. He
 was hoping all this would be paid.
 Mr. C. S. Fowler, president of the or-
 ganization, will act as finance di-
 rector for the present, but Mr. Pulliam
 says the job is bigger than any one
 person and urges each and every one
 to cooperate in every way possible
 and keep this work going.

The secretary-treasurer, Robt. R.
 Mullins of Alice, also resigned and
 J. P. Ephraim of D'Hanis has been
 made secretary-treasurer.

The changes are only details of an
 organization which will carry on the
 work as now under way.

**NOONAN FOR RE-ELECTION AS
 DISTRICT ATTORNEY.**

R. J. Noonan of Hondo, while in
 the city this week attending his
 duties in District Court, authorized
 us to announce him as a candidate
 for re-election to the office of Dis-
 trict Attorney of the 38th Judicial
 district, composed of the counties of
 Pandra, Kerr, Medina, Kendall,
 Real, Uvalde and Zavala. Mr. Noon-
 an's candidacy is subject to the
 Democratic primary.

Mr. Noonan is now serving his
 first term in the office being elected
 in 1936 without opposition to suc-
 ceed K. K. Woodley, who was elected
 District Judge. He is serving the
 people of this district in a fair and
 impartial manner in the discharge
 of the duties of the office and in ask-
 ing for re-election asks voters to re-
 fer to his record. He wishes to thank
 the people of the district for past
 favors shown him and if re-elected
 will always be found willing to serve

them to the best of his ability.

We respectfully ask the voters of
 the district to consider his candidacy
 carefully.

**NEW FOUNTAIN WOMAN'S MIS-
 SIONARY SOCIETY MEETS.**

Mrs. H. C. Muennink was hostess
 to the New Fountain Woman's Mis-
 sionary Society on April 22. There
 were nine members and three guests
 present. We were glad to welcome
 Miss Mabel Bohmfalk as a new mem-
 ber. We are hoping some more will
 find it worthy to join us in our work.

Mrs. C. F. Schweers was leader of
 the program for the afternoon. The
 program opened with a harmonica
 selection played by Velma Muennink.
 Call to worship was given by the
 leader. "God hath created a world
 in which men may bring forth from
 the soil that which will sustain life.
 The tiller of the soil is the servant of
 God and the benefactor of mankind.
 He deserves a life that is abundant
 in happiness and enduring satisfac-
 tion." Responsive sentences were then
 read. The Missionary topic of the
 day was "Rebuilding the Rural
 Community". First topic discussed
 was "Verity in Situations and Occu-
 pations," by Mrs. T. J. Wiemers;
 "Needs and Their Similarities" by
 Mrs. Frank Muennink; "Working
 Through the Church" by Mrs. Robert
 Riff; "Working with Individuals" by
 Mrs. Paine, and various other meth-
 ods were further discussed by Mrs.
 T. J. Wiemers.

The business was then turned over
 to the president. After the business
 session ice cream and cookies were
 served.

THE GREATEST PEACE

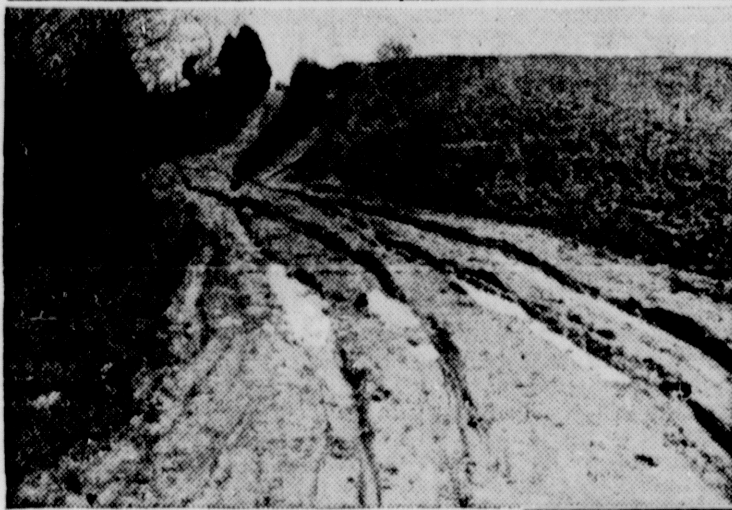

I think the greatest peace is found
 By those who live near to the ground.
 Who find their work and play and
 rest,
 Close to the kind earth's warm,
 brown breast.
 Who work with flowers and trees
 and grain,
 Who feel the summer sun and rain.
 Who hold dumb creatures in their
 care,
 And plan for them a daily fare.
 Who read with understanding eyes,
 And see the changing message of our
 skies.
 And see in earth, from sky to clod,
 The opening living books of God.

**SCIENCE AND ENGINEERING JOIN TO DEFEAT
 RURAL LIFE ENEMIES—ROAD MUD AND DUST**

Left—Science has proved that mixtures of
 natural soil materials, held together by
 moisture, can convert this typical mud
 "road" into one that is as dustless in
 August as it is mudless in April.

Right—When it isn't mud, it's choking
 dust. Another road that will yield quite
 cheaply to science's formula for making
 good rural highways.

Once not more than a mud road like the one pictured above it, this Virginia thoroughfare resulted
 from the proper mixtures of local soil materials and calcium chloride to give a "stabilized" turn-
 pike of the type recommended by the U. S. Bureau of Public Roads for low-cost, all-season purpose.

Science and engineering effectively
 have combined forces to fight those
 twin evils of rural life—road dust and
 mud. Making use of just such soil
 materials as may be found in almost
 any county, plus a moisture attract-
 ing chemical, the United States Bu-
 reau of Public Roads has developed
 formulas for building low cost, all-
 season roads that from now on likely
 will get a bigger share of federal
 construction funds if the clamor for
 better secondary highways is any
 indication of future trend.

The Bureau has found that tiny
 drops of moisture form the key for
 locking soil particles together. In road
 making, definite proportions of
 granular materials and very little
 clay, plus some moisture tend to
 bring about what is called a "stabil-
 ized" condition which results in a
 road tread that is quite hard and, with
 proper maintenance, is as dustless in
 August as it is mudless in April.
 Traffic of the kind usually found on
 "farm-to-market" roads actually op-
 erates to make a better road instead of
 breaking it up. This is because the

"stabilized" road materials are com-
 pacted even more by the rolling
 weights above.

How to provide and maintain the
 necessary moisture during dry months
 was the problem. Then chemistry
 stepped in with a substance—calcium
 chloride—that, when spread on the
 road, absorbs moisture directly from
 the atmosphere and keeps the road
 surface damp.

Experimenting independently in
 an attempt to find a type of road
 that would cost little, yet provide a
 good surface for the greatest number
 of people all year round, the high-
 way departments of several states
 followed the lead of Michigan and
 also developed dustless, mudless
 roads of the stabilized kind. Now
 thousands of miles of chemically
 stabilized roads serve rural and resort
 areas of Michigan, Indiana, Ohio,
 New York and other states. In these
 areas travel was not enough to justify
 spending \$7,000 to \$20,000 a mile
 for heavy traffic pavements, but quite
 enough to warrant spending from

\$650 to \$2,500 a mile for full stabili-
 zation.

Where funds are extremely lim-
 ited, spreading calcium chloride to
 eliminate the dust is the best thing
 to do. This costs from \$150 to \$300
 a mile. A little more money may
 make possible a "partial stabilization,"
 accomplished by adding to the
 road an inch or so of properly pro-
 portioned topsoil or pebble-soil, clay
 and chemical. Sand-clay mixtures and
 crushed shell also make highly suit-
 able ingredients in this method of
 road improvement. The "consoli-
 dated" surface resulting from this
 improvement measure not only takes
 care of the dust nuisance but elimi-
 nates spring mud, too. The following
 year this step can be repeated to give
 a thicker wearing surface. Highway
 engineers call this "stage" construc-
 tion of a stabilized road. It is a pay-
 as-you-go way of building a fully
 stabilized road over a period of years,
 but providing a nuisance-free high-
 way in the meantime. Of course, full
 stabilization is desirable if funds are
 at hand.

glad to repair them inexpensively. Fire prevention isn't much of a job—a few minutes each week or so is sufficient to accomplish it. And that little effort may save your home from destruction—or even your family and yourself from a horrible death. Fire prevention shouldn't be regarded as a bothersome task—it is a duty, which pays tremendous dividends. And never forget that it's better to prevent a fire than to stand around and hope the fire department will be able to extinguish the blaze before everything you possess is destroyed.—Industrial News Review.

"FINANCIAL AMERICA".

Leonard P. Ayres, Vice-President of the Cleveland Trust Company, has aptly described the basic cause of the industrial stagnation which is besetting the country, as "financial anemia".

This "anemic" condition of industry is of comparatively long standing. But until last summer, heavy government pump priming submerged the growing symptoms in a flood of spending.

As Mr. Ayres observed, the capitalistic system requires a continuous flow of new capital in order to survive. There are two main sources which industry may obtain new capital: One is by operating at a profit and plowing the profits back into the business; the other is through the sale of securities to the public. Today both of these sources are choked with excessive taxation, labor troubles and a maze of regulation. The flow of "new money" into the channels of industrial development has ceased. Jobs are at a premium. The American wage earner is faced with unemployment and a falling standard of living. Once again the sort to futile efforts to "prime the pump".

A vicious cycle such as this cannot continue indefinitely. It is like driving a car with a broken generator. Ultimately the battery runs down and the car stalls. The only difference is that America's industrial genera-

cleverly decorated with cellophane. The gifts appeared to be showering from above, with streamers of cellophane arranged in such a way as to appear as rain. After the bride-to-be had unwrapped her many lovely gifts, she graciously expressed her appreciation to the donors and invited the guests to be present at her wedding in Zion's Lutheran Church of Castroville. Refreshments consisted of sandwiches, cake, strawberry Bavarian cream and iced tea. The favors were of dainty blue sprinkling cans filled with mints.

ZION'S LUTHERAN CHURCH.

Sunday, May 1, 1938.

9:00 A. M. Sunday school and Bible classes. The Primary Department of our Sunday school meets in the Fuos building. Our Sunday school attendance has increased wonderfully during the last month.

There will be no divine services here next Sunday due to the fact that the Pastor is attending the convention of the Texas District of the American Lutheran Church in Seguin, Texas. Our members and friends are kindly invited to please attend services in Seguin Sunday morning at 8:30, 9:30 or 10:30 o'clock. Dr. Em. Poppen of Columbus, Ohio, president of the American Lutheran Church, will preach at 10:30 o'clock in the morning. The Seguin congregation offers a fine barbecue dinner at a reasonable price. Be sure and attend services in Seguin.

Sunday school teachers meeting will be held at Castroville Monday night. Please attend.

The Church with a welcome.

CASTROVILLE H. D. CLUB.

On Wednesday, April 20, the club met at the home of Mrs. H. J. Pippert with 13 members and 2 visitors present. In the business meeting a letter from the County Agent was read to the members, inviting all to go on an educational tour on April 30 in company with the other Medina County H. D. Clubs to visit the interesting points in San Antonio. It was also announced that Miss Foley will have training school at Hondo for the Expansion committees. Miss Foley demonstrated seams and seam finished to suit the material and also the proper way to sew zippers in dresses. The meeting proved quite successful.

The next meeting on May 18th at the home of Miss Hattie Bippert, canning quality vegetables will be the main topic. A good old-fashioned kaffee klatch closed the meeting.

MILLSTONE OF DESTRUCTION.

The annual report of the Public Service Corporation of New Jersey and subsidiaries for 1937 showed a net income after all expenses and charges, of \$24,531,606. The annual tax bill of the Public Service Corporation of New Jersey and subsidiaries for the year 1937 was in excess of \$22,000,000—almost equal to the net income. In other words, the security owners who have invested their savings in this enterprise and carry all the risks of operation, are forced to divide the profits on a virtually 50-50 basis with the tax collector. In a letter to shareholders, the President of the company, Thomas N. McCarter, said: "New heights are reached in the seemingly ever-increasing assessment of taxes of various kinds and for a multiplicity of purposes". Despite the greatest volume of electric and gas sales in the history of the company, net revenues were slightly less than in 1936. Taxes alone amounted to more than \$61,000 a day, or \$42 a minute for every minute of the year.

Here is a sample of the manner in which the millstone of taxation threatens to crush all private enterprise. It is a sample of why unemployment is increasing, of why the investor is hesitant to put forth new capital for new undertakings. Moreover, the government's program to socialize the electric industry further depresses general confidence in what the future may hold for all private industry.

Until these vital issues are cleared up and assurance is given that the profit system is not to be scrapped, there can be no economic stability, no lasting recovery.—Industrial News Review.

CHAMBER OF COMMERCE MEETS.

The D'Hanis Chamber of Commerce met at the W. O. W. Hall on Monday evening, April 25, when they enjoyed a Mexican dinner served by the following hosts: John Nester, E. W. Carter, R. F. Wolff, E. L. Brod, Hilmar Koch, Louis Carle, J. P. Ephraim, H. Couser, Louis Pichot, Thomas Koch, H. Biry and J. W. L. Zinsmeyer. Mr. Alphonse Boog acted as master of ceremonies. Hon. Joe Monkhouse, State Representative of this district, introduced the guest speaker of the evening, Hon. Robert W. Calvert, Speaker of the Texas House of Representatives, who opened his campaign as candidate for Attorney General of Texas. A musical program followed and was composed of the following numbers: Vocal solo selections in Spanish by George Ilse; Harmonica selections by Hilmar Koch, August Britz, Oscar Rohrbach, Jake Weynand and Raymond Wolff; Songs by the Weynand Brothers to guitar accompaniment; and a hypnotism demonstration by Mr. Esser.

Several hilarious contests were held by the following: Cracker eating and whistling contest between John Zinsmeyer and Quaid Martin, with the latter the winner; Pie-eating contest won from Wallace Lutz by Richard Carle; and a laughing contest, with Thomas Koch outlasting Louis Pichot.

Joe Nelson of the Nueces Reclamation and Water Conservation project, Joe Bader, president of the Castroville Chamber of Commerce, J. E. Willingham of Sabinal and R. C. Rath of Hondo spoke briefly. There were about ninety-three members and guests present.

F. F. A. News

Members of the dairy judging and livestock teams of the D'Hanis Chapter of the Future Farmers of America returned home Tuesday from College Station where they participated in the State Judging Contest. They were entitled to attend this meeting because of the places won by them in the Area 10 Contest held in Kingsville last month.

At College Station there were 2500 boys from 315 schools, with 115 teams entering the dairy judging

contest. While on the trip the boys visited the State Capitol and the State Hospital for the Insane in Austin. Don Windrow of Hondo acted as guide in taking them over the A. & M. campus and college farm.

The boys from here who made the trip were Charles Saathoff, Oliver Reinhart, and Homer Nester of the livestock team, Joe Henry Biry, Floyd Collins, and Albert Weynand of the dairy judging team.

The D'Hanis livestock team won the highest place of the Area 10 teams, winning 26th place out of 94 in the State. Homer Nester received honorable mention in horse judging.

D'Hanis P. T. A.

Guest speaker at the regular meeting of the D'Hanis Parent-Teacher Association Wednesday afternoon was Mr. Frank X. Vance, attorney of Hondo. His topic was "Living With Others" and he emphasized the importance of early home training as a preparation for life in a world of gregarious people.

The local chapter of F. F. A. was in charge of the program, which opened with a violin solo by Oliver Reinhart. Initiation of James and Robert Love and Elmer Keller to green hands was the high light of the chapter proceedings.

Mrs. I. F. Aten presided at the business session. It was decided to hold the next P. T. A. meeting on Friday night, May 6, at which time refreshments will be served.

D'Hanis 4-H Club Enjoys Hike

The D'Hanis 4-H Girls Club enjoyed a hike at Fort Lincoln Tuesday evening when they made a study of native shrubs and wild flowers. After collecting the specimens they found, the girls spread their lunch on the banks of the Seco. The members present were Melvira Rothe, Gladys Rieber, Erna Rose Huegele, Marybelle Carle, Antoinette Dubray, Mathilda Kimmerly, Maymedel Rieber, Jonell Nester, Elaine Biry, Beatrice Keller, Kathryn Holiday, Barbara Boog Bertha Koch and Mary Ann Finger, and their sponsor, Miss Ethel Rothe.

Social Club

Mrs. Will Nehr was hostess to the Social Club and additional guests last Saturday afternoon. For decorating the living and dining rooms, the hostess used wine cups and Queen Anne's lace. Several games of bridge were enjoyed and resulted in the following manner: Mrs. O. J. Reinhart made high score among members, Mrs. Henry Nehr among guests, Mrs. H. L. Muennink cut high, and Miss Melvira Rothe held low score, each receiving a prize. Delicious refreshments consisted of sandwiches, salad, cream puffs and coffee. Members present were Mesdames M. A. Zinsmeyer, O. J. Reinhart, Reily Carle, Herman Couser, H. L. Muennink, Alfred Rath, Misses Josie and Lucy Rothe. Guests were Mrs. Oscar Rothe, Mrs. Wm. Grimsinger, Mrs. Henry Nehr, and Misses Sarah and Melvira Rothe.

Gingham Girls Bridge Club

Miss Armine Fohn was hostess to the Gingham Girls Bridge Club at her home Wednesday afternoon. Bouquets of bright spring flowers decorated the living room. After several games Miss Verine Finger received high score prize, Mrs. Arthur Nester, low, and Miss Ethel Rothe drew high for consolation. Delicious angel food, jello, and ice tea were served to the following: Mesdames Frank Rucker, James Finger, and Arthur Nester, and Misses Irene Carle, Alice Rohrbach, Sarah Koch, Gladys Rieber, Ursie Lee Rock, Verine and Stella Finger, Lillian Fohn, and Sarah, Melvira and Ethel Rothe.

Bridge Club

Mrs. Ben Koch was a charming

hostess on Thursday of last week when she entertained with three tables of bridge. At the close of the games prize for high score was awarded Mrs. Ferd Rock. Mrs. Hy. Biry received low score trophy and Mrs. John Rieber drew high for consolation.

The hostess, assisted by her daughter, Sarah Koch, served a delicious salad course to the following, Mesdames Herman Ney, John Zinsmeyer, Eric Rothe, Ed Finger, Hy. Biry, John Rieber, A. J. Finger, O. S. Sechrist, Ferd Rock and Arnold Zerr and Misses Tina Rothe and Cornelia Koch.

TEXAS WILD FLOWER EXHIBIT.

Following an annual custom, the Landscape Division of the Texas Highway Department will present an exhibit of wild flowers native to this section of the State at the Witte Memorial Museum in Brackenridge Park in San Antonio from 8:00 A. M. to 8:00 P. M., April 30th and May 1st, 1938. This annual event is sponsored by the Highway Department as an informative display, intended to help create in the general public an appreciation of the real beauty of wild flowers native to Texas and a desire to preserve and develop this beauty.

The exhibit will be similar to that held in 1937, but this year will be held in conjunction with the Business and Professional Women's Club, and is expected to contain a much greater variety of plants and cut flowers, there being on hand for display more than two hundred varieties of native flora. Every person interested in flowers, and especially in wild flowers, is cordially invited to attend this exhibit. There is no admission charge.

BASEBALL NOTES.

Another Highway 90 League baseball game will be played this Sunday, May 1st, when the Hondo Redbirds cross bats with the Quibi Red Sox at 2:30 P. M. at the Quibi ball park. The League is composed of Knippa, D'Hanis, Hondo and Quibi.

Last Sunday's game between Quibi and D'Hanis was rained out, but Hondo journeyed to Knippa where they met defeat by a score of 10 to 6. D'Hanis and Knippa are scheduled to play Sunday, May 1st, at Knippa. On Wednesday night, May 4, at 8 P. M. a keno party will be held at the Sturm Hill school for the benefit of the Quibi Baseball club. Twenty-five games can be played for an entrance fee of twenty-five cents.

YANCEY SENIOR PLAY TO BE PRESENTED.

Yancey, Texas, April 25.—The Senior play of the Yancey High School will be presented Friday evening in the new auditorium. The dramatic selection for this year's graduates is a delightful melodrama depicting, and revealing, some of the problems encountered in the distribution of wealth—of an individual, of course. The casting and direction of the play has been elaborate and the public can be assured of a delightful and entertaining program.

CARD OF THANKS.

We take this means of thanking all our relatives and friends for their many expressions of sympathy extended us in the loss of our beloved husband and father, the late Jacob Bilhartz. Your every kindness will always be gratefully remembered and appreciated by all of us.

Yours in sorrow,
MRS. JACOB BILHARTZ,
And CHILDREN.

TEN ACRE BLOCK FOR SALE.

One hundred and fifty dollars cash will buy a 10-acre block of land east of the Quibi north and south road, three miles south of Highway 90. Three acres in field, seven acres in native pasture, well fenced. Could be improved into good chicken farm. Apply to owner, John E. Neuman, or either member of Hondo Land Co.

THE UPPER HONDO H. D. CL.

"There are definite color combinations for each individual type," Nell Foley, Home Demonstration agent, told the Upper Hondo Home Demonstration club which met in day, April 26. "Therefore each person should study their particular type select colors accordingly." Miss Foley continued. "In general the brunettes or the person with dark coloring wear warm colors, such as warm yellows, warm greens, browns, etc., and the blonde or person of cool coloring can wear cool colors that cool blues, greens, orchid, etc." After the color demonstration foundation patterns were corrected and checked. During the business meeting Mrs. Harry Spratt was appointed chairman of the expansion committee.

Mrs. G. W. Merritt became a member of the club. Refreshments were served to members and one guest.

The meeting adjourned to Monday, May 2, at Mrs. Emil Preller's where canning will be demonstrated.

NO WOUND CAN LAST FOREVER.

No wound nor any pain can last forever;
Time brings a cure or forms a shield for grief;
It matters not how deep and dark the sorrow
The reconciling years will bring relief.

I have a little sorrow in my heart
An old, old pain that I have known for years,
A pain that once slashed deep in my soul
And brought me sleepless nights and anguished tears.

But grief like that could never last forever
And mine has now become so small
That only by the scar, inflamed and tender,
Do I know that I was ever hurt at all.

ELECTRIC FENCE

Now build a stock tight fence as low as \$10.00 per mile. One strand of used barbed wire on line stakes holds them like steel and concrete. A tremendous saving. Safe six-volt batteries last months and give sting that stops them.
